

Additional Course Enrolment Form During COVID – 19

It is important for students enrolling on training courses to understand that no PPE or other protective measures can provide 100% protection from infection with, or transmission of, COVID-19. Whilst the awarding organisations have provided guidance to training providers to mitigate risk so far as reasonably practicable, there will still be an element of risk involved in attending the training course.

The training course contains practical skills where PPE may be required, it is your responsibility to follow the Trainer instructions and wear the required PPE. There are some skills where PPE is not suitable and other measures have been put in place.

Equipment Required -

In addition to equipment required for the training course, you will also be requested to make the following arrangements to help manage the risks associated with COVID-19:
